Face to face services

Alcohol and Drug Services (Government)

Consultation Liaison Service (South)

Based at the Royal Hobart Hospital, this service supports clinical staff by providing expert assessment, information, brief intervention, advice and often shared care in the clinical management of patients admitted to the hospital with significant and complex AOD related issues.

Opioid Pharmacotherapy Program

This program manages the prescribing of regular doses of opioid substitution drugs to assist patients to stabilise their lives, improve their physical and mental health and their social functioning and relationships. Support is provided by specialist medical and nursing professionals. Pharmacotherapy support is provided in all 3 regions and operates a specialist pharmacotherapy unit (with dosing capacity) at St Johns Park, New Town.

Psychosocial Interventions Program

This program provides a range of psychosocial interventions including assessment, counselling, key worker/case management, co-ordination of care, group work, information and community education.

Smoking Cessation Program

This program offers education and support to health professionals conducting brief smoking cessation interventions with their patients to help them quit smoking.

Inpatient Withdrawal Management Unit

This is a specialist 10 bed inpatient withdrawal unit which supports individuals from all regions of the State, at St Johns Park, New Town.

Youth Program

This program is a free and confidential AOD counselling service for young people concerned about their own AOD use. Individual counselling and group programs are available. **YOUTH SERVICE**

Anglicare Tasmania

Statewide service

1800 243 232

www.anglicare-tas.org.au

6 Strahan Street, South Burnie

31 King Street, Devonport

122 Elizabeth Street, Launceston

18 Watchorn Street, Hobart

436 Main Road, Glenorchy

102 Main Street, Zeehan

Anglicare Drug and Alcohol Treatment Service (ADATS)

ADATS's professional allied health workers provide tailored treatment designed to support a client live free from substance dependence. Services include screening and brief intervention, counselling, case management and after-care. This is a free statewide service.

Break O'Day Alcohol and other Drugs Service

This service offers support, counselling and practical help if a person is experiencing problems related to their own AOD use, or that of someone close to them. This free service is for residents of the Break O'Day municipality and is based at 56 Cecilia Street, St Helens (home visits are available).

Statewide service

1300 139 641

www.dhhs.tas.gov.au

11 Grove St, Ulverstone

13 Mulgrave St, Launceston

St Johns Park, New Town

Care Coordination Service

This free service works alongside individuals with multiple and complex needs providing a central contact point to access all of the services the person is involved with. Together with the individual, their care is coordinated by the development of an individual care plan to ensure the most appropriate services are provided. The individual is supported to play an active role in decision-making. The program is for people specifically referred by the government's Alcohol and Drug Service (ADS). Referrals can also come from Youth, Family and Community Connections (YFCC) in Burnie and Devonport. Care Coordination Service is offered statewide.

Family Support Service North-North West

This service can help if an individual is affected by a family member or close friend using AOD. Counselling is offered on the phone or face-to-face, and support can be either long or short term. Information and community education sessions are also available. Family Support Service is a free service and is offered from Devonport and Launceston.

Glenorchy Illicit Drug Service (GIDS)

The GIDS provides information, education and counselling to young people aged 12-25 years who are using AOD. It is free, confidential and voluntary. It also offers counselling and support to family members and friends affected by a young person's drug use, assistance accessing other services, information and education, links and referrals, and school education sessions. This service is run from the Glenorchy Office at 436 Main Road, Glenorchy, and is for people living in northern suburbs including the Derwent Valley, Bridgewater and Gagebrook. **YOUTH SERVICE**

Hepatitis Prevention Program

This free program provides services to reduce viral hepatitis in Tasmania. Southern region care and support service assists an individual get started on treatment and provides practical support during the treatment process. This service is offered from 18 Watchorn St, Hobart.

Kids in Focus

The Kids in Focus program provides support and counselling to families affected by the use of AOD. It supports an individual to make positive changes for themselves and their children. It is a free, confidential and voluntary program, welcoming people who are culturally and linguistically diverse, Aboriginal and Torres Strait Islander communities and all families. This service is offered statewide. **YOUTH SERVICE**

Needle and Syringe Program (NSP)

A confidential, free and friendly service with a range of injecting equipment, disposal facilities and resources for people who inject drugs. Staff can provide brief interventions, referrals, equipment demonstrations and information.

The NSPs are located at 18 Watchorn Street, Hobart and 436 Main Road, Glenorchy (please contact them directly for opening times). A 24 hour vending machine with equipment disposal facilities is located at 18 Watchorn Street, Hobart.

City Mission - Launceston

Northern Tasmania

(03) 6335 3000

www.citymission.org.au

46 Frederick Street, Launceston

Launceston City Mission in Frederick Street provides a safe and monitored environment to sober up, referral and information on support/treatment options.

Missiondale Residential Recovery

Missiondale is a residential recovery program (up to 12 months) where individuals are given the support to make positive change in their lives. The program is for people over the age of 18 years who wish to overcome any life controlling addiction. This property is located at 75 Leighlands Road, Evandale. Tel: 6391 8013.

Serenity House

This is a two week time-out facility on the beautiful north-west coast. Serenity House is also a 'sobering up and place of safety' centre and is located at 354 Preservation Drive, Sulphur Creek. Tel: 6435 4654.

Circular Head Aboriginal Corporation

North-West Coast

(03) 6452 1287

www.chac.com.au

10 King Street, Smithton

Alcohol and other Drug Educator

The AOD Educator provides free family and individual support, assessment, outreach and referral, information and assistance going to services, and a holistic approach to well-being. They also offer AOD awareness workshops (group and art therapy) in a friendly, non-judgemental and confidential manner, to increase awareness of the impacts of alcohol and drug use within the Circular Head Aboriginal Community.

Illicit Drug Diversionary Initiative (IDDI)

This is an AOD counselling, referral, transport and employment pathways service available to first time drug offenders. Police divert individuals caught using or possessing small quantities of illicit drugs to CHAC for education, counselling or referrals. This program is designed as an alternative to facing court for convictions. Both adults and juveniles can be diverted through police referrals.

South East Tasmanian Aboriginal Centre (SETAC)

Southern Tasmania

(03) 6295 0004

www.seatac.org.au

19 Mary Street, Cygnet

Rullanih Teggana (Strong Heart) Program

SETAC, together with Holyoake and Anglicare have joined together to create this program which aims to give Aboriginal people (and non-Aboriginal people in their families) the opportunity to heal from addiction and reconnect with pride to their identity, their families and their communities. The program offers a holistic service for those affected by drug and alcohol use and their families.

St Helen's Private Hospital

Southern Tasmania

(03) 6221 6444

sthelensprivatehospital.com.au

186 Macquarie Street, Hobart

Managing Addictive Behaviours

This outpatient group program offers support, within a therapeutic environment, to people experiencing problematic addictions, including the misuse of alcohol and drugs or gambling resulting in risks to health, relationships and ability to work. This group program combines psychotherapy with psychoeducation and includes interactive discussion sessions.

Detox program

This inpatient program is for people choosing to address their use of alcohol and other drugs, commencing with managed detox and progressing into supported recovery involving psychoeducation. Topics include urges and cravings, values, triggers, nutrition, taking responsibility and motivation in recovery. Costs associated with this program must be covered by private health insurance or self-funded.

The Link Youth Health Service

Southern Tasmania

(03) 6231 2927

www.thelink.org.au

57 Liverpool Street, Hobart

The Link Youth Health Service provides free confidential supportive health services for youth (12-25 years) for problems associated with AOD use, referral to external services, advocacy, prevention and early intervention advice. **YOUTH SERVICE**

Open Access Area

Young people can use a washing machine and dryer, shower, toilet, pick up hygiene items (ie shampoo, razors, tampons, condoms), use the phone for health related calls, have their mail sent there for collection, and see a Centrelink worker on request. All services at The Link are free of charge.

Needle and Syringe Program (NSP)

This service provides information, clean injecting equipment and disposal facilities.

Level Up

This is a program for young people who are ready to make positive changes in relation to their AOD use.
