1,000 Paper Cranes

Help us remember
Tasmanians lost to overdose

SENBAZURU is the art of folding 1,000 paper cranes. It is said that if you fold 1,000 paper cranes and make a wish, it will come true.

The ATDC is calling on members of the Tasmanian community to help build 1,000 Japanese cranes to remember Tasmanians lost to overdose and wish for a community free from the harm of overdose.

Drug overdose continues to impact Tasmanians of all backgrounds – with more than one person lost every week to overdose across Tasmania.

I NEED PAPER! The ATDC can provide you with paper to build one (or 100!) cranes - contact us!

HOW DO I FOLD A CRANE?
